## Company Updates

As we step into 2025, we're excited about the opportunities and growth the new year promises. The first month has already set the stage for a great year ahead, and we're eager to continue building on this momentum. Thank you for your ongoing support and hard work— we look forward to achieving even more together in the months to come!

Now, we have several exciting updates to share with the Erwin Electric team! First, 5 employees are started their apprenticeship journey with

Mid-Year sessions at IEC and ABC. Please congratulate Chance Kerr, James Limka, Javaris Graham, and Routzvele Calixte on starting their journey to becoming a journeyman.

Second, The new bucket truck we spoke about in the last newsletter finally had its first debut at Dick's Sporting Goods in Clearwater replacing parking light fixtures. This bucket truck goes up to 60 ft high and is a two person bucket.

## Project Spotlight

The **COHatch Tampa** project is a flexible co-working space that fosters collaboration and innovation with modern workspaces and community-driven events.

The project is spearheaded by **Lawrence Haslup**, with **Jeff Campbell** serving as the Project Manager and **Ryan Erwin** as the estimator.

We're incredibly grateful to our skilled crew for their outstanding efforts in ensuring this project goes above and beyond expectations.

## Employee Spotlight

This month's employee spotlight is on **Jacob Thornton**. Jacob is a Lead Electrician in our Residential department and has been with Erwin Electric for 5 years.

Before joining Erwin Electric, Jacob was searching for a company that would truly invest in him. Starting as an apprentice, Jacob worked hard to complete the IEC program and was promoted to lead electrician, a role he has proudly held for the past 2.5 years.

When asked what motivates him, Jacob shared that his children are his biggest inspiration. He also values how Erwin Electric recognizes and rewards hard work, noting, "As much effort as I put in, Erwin puts into me."

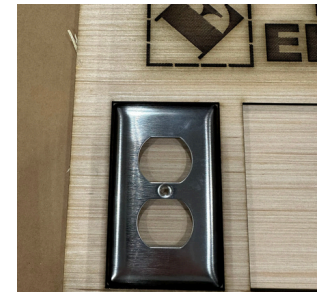

One of Jacob's most memorable projects was the Graff custom home, where he worked as an apprentice under Adam Silva. The house's stunning design featured unique elements like a hidden door from the library leading to a massive game room.

We're grateful to have Jacob on the Erwin Electric team and can't wait to see all the great things he'll continue to accomplish!

## Changes to Our Office and Warehouse

### Boss Laser Engraving Machine

We're excited to introduce our new Boss Laser Engraver! This state-of-the-art equipment allows us to create custom electrical labels with unmatched precision and efficiency, ensuring our circuits stay organized and our installations remain professional.

### Boost Your Profits with Prefab!

Make your jobs more efficient and profitable by working with our Prefab department. If you're not using Prefab, you're leaving money on the table! Have a great idea for Prefab? Contact Luba Schlegel to discuss and see how we can bring it to life.

### Quarterly Meetings Recap

This month, we held meetings across all departments to celebrate accomplishments, recognize outstanding teammates, and discuss ways to improve as a team moving forward. It was a great opportunity to connect, share ideas, and reflect on our progress. And of course, no quarterly meeting is complete without an exciting raffle—congrats to our lucky winners!
