Company Updates

Our Next Company Event & Fundraiser

Project Spotlight

Employee Spotlight

Changes to our Office & Warehouse

Company Updates

For the month of June, Erwin Electric, Inc. had introduced its first newsletter in company history, providing field and office employees a behind-the-scenes look at all the work going on throughout the company.

Now, we have several exciting updates to share with the Erwin Electric team! First, we are pleased to offer up to **\$75 reimbursement for school supplies**—simply send a picture of your receipt to Lauren or Makenzie to claim this benefit. We're also gearing up for the **Walk for Whiskers**

fundraising event on September 21st. Whether you want to join our team or donate, your support is appreciated. More information will be released in the next coming weeks.

We're proud to announce that we've been recognized in the **Fast50 Award** and are finalists for the **Best of the Bay Award** for one of the best electrical contracting companies in the Bay. Lastly, a reminder that our **Apprenticeship Breakfast** is on August 1st at 6:30 AM. We look forward to seeing everyone there!

Our Next Company Event

Erwin Electric, Inc. is thrilled to invite all team members to join us for an exciting evening of baseball cheering on the **Tampa Bay Rays!**

- Date: **August 16th**
- Time: Doors open @ **5:30 PM**
- Location: Tropicana Field, St. Petersburg
- Opponents: Arizona D-Backs
- RSVP by August 9th to secure your spot!

Let's show our team spirit and enjoy a great game together!

Project Spotlight

The **West Chase Self Storage** project is a ground-up self-storage facility located in Tampa, FL. This facility encompasses 85,879 square feet and rises to six stories.

The project is spearheaded by **Randy Peterson**, with **Tony Hart** serving as the Project Manager and **Ryan Erwin** as the estimator.

Thanks to our skilled crew for their amazing work ensuring that this project exceeds the owner and general contractors expectations.

Employee Spotlight

This month's employee spotlight is on **Orlando Romero**. Orlando is a Lead Electrician and has been with Erwin Electric for five years. Before joining Erwin Electric, Orlando worked on various projects, continually improving his skills and expertise in the electrical field. Starting as an electrician, Orlando quickly demonstrated his dedication and proficiency, earning his current role as Commercial Service Lead.

Orlando enjoys managing his projects and ensuring they meet the highest standards of quality and safety. His most memorable and challenging project has been Eagle Labs, where the complexity of the existing electrical service required innovative solutions to meet the customer's needs. Orlando stays motivated by tackling challenges head-on and always maintains a positive attitude. He finds the most rewarding aspect of his work to be his professional growth and the extensive knowledge he has gained over the years.

We are proud to have Orlando as part of team Erwin and appreciate his dedication and hard work!

Changes to Our Office and Warehouse

We are thrilled to announce the nearing completion of our new mezzanine, a significant upgrade that will enhance our operations and improve working conditions for our team.

Pre-Fabrication Team Space

The mezzanine will house our new Pre-Fabrication team, streamlining processes and ensuring projects run more efficiently. This dedicated space will reduce on-site labor, minimize delays, and improve project timelines, resulting in better service for our clients.

New Storage Solutions

The mezzanine also provides valuable new storage space, utilizing the second level for material storage. This helps maintain a cleaner, safer, and more efficient workspace.

Upcoming HVAC Installation

Following the mezzanine's completion, we will implement our long-awaited HVAC plan in the warehouse. This upgrade will provide much-needed climate control, allowing our warehouse team to work comfortably out of the heat.
