Proven Ability & Exceptional Service

PREFAB BUILD OUT

Welcome to Erwin Electric, Inc.'s December 2024 Newsletter!

We're thrilled to present you with our latest edition, packed with exciting updates, insights, and highlights from all three of our core departments - Commercial, Residential, and Service. This issue is designed to keep our Erwin Electric, Inc. family well-informed and engaged with the latest happenings, achievements, and developments within our company.

From company events and fundraisers, to project and employee spotlights. Explore what's new, and join us in celebrating team Erwin's successes and future goals!

Robin & Doug Erwin

LET US DO GOOD VILLAGE

In this newsletter you can expect:

Company Updates

Monthly Birthday and Anniversary List

Project Spotlight

Employee Spotlight

Changes to our Office & Warehouse

Company Updates

As the year draws to a close, we find ourselves reflecting on the moments that have made 2024 so memorable. Together, we've navigated challenges, celebrated successes, and worked toward continued growth as a team.

Now, we have several exciting updates to share with the Erwin Electric team! First, we are pleased to have participated in the Salvation Army's Angel Tree. We were able to provide gifts for 12 children in need. Thank you all for your generous support!

This month our own Junior Estimator, Nick Halma, won his first ever bid! YMCA of the Suncoast Hernando County Branch Locker Room Renovation was won by Nick and will begin remodeling soon! The project involves renovation of existing restroom/locker spaces to feature a new layout of space. Congratulations Nick, here's to many more!

Project Spotlight

The **Delotto - Anderson House** project is a custom home located in Belleair, FL that is approximately 5,416 square feet.

The project is spearheaded by **Frank Cooper**, with **Mike Blaska** serving as the Project Manager and as the estimator.

Thanks to our skilled crew for their amazing work ensuring that this project exceeds expectations.

- Dec. 20th - **Scott Lambrecht** - 2 Years
- Dec. 22nd - **Mark Livingston** - 2 Years
- Dec. 23rd - **Javaris Graham** - 4 Years

Employee Spotlight

This month's Employee Spotlight features **Luba Schlegel**, our new **Prefabrication Manager**. Luba has played a key role in building our Prefabrication Department from the ground up, driving innovation and efficiency within our operations.

Luba shares her journey:

"Starting as a Prefab Manager at Erwin Electric has reignited my passion for the electrical industry. After graduating in 2015, I relocated from the cold of Indiana to the humidity of Florida to join an electrical subcontractor in the operations department. I later transitioned briefly to a general contractor role, but I quickly realized that I missed the industry I had started in and wanted something more. Working closely with Doug Erwin and the outstanding Erwin Prefab team to establish the prefabrication department has been an exciting and rewarding challenge. This cutting-edge approach to construction has been both innovative and impactful. Amid labor shortages and compressed project schedules, it has been an honor to contribute to the solution while also providing valuable and unique education to apprentices in the shop"

Changes to Our Office and Warehouse

Prefabrication Steadily Growing

With the completion of our warehouse upgrades, our prefab department continues to thrive. The addition of a new workstation and improved supplies storage has enhanced productivity, enabling the team to successfully complete over 20 panels for the Magnolia Oaks Multi-Family Apartment building project.

New Building Sign

Almost a year ago now we added a parking lot to the front of the shop building. With that upgrade we removed our concrete block sign from the front. We have now installed a new and bigger sign on the building itself.

New Bucket Truck

In response to growing demand in our current market, we've added a new bucket truck to our Service Department to better meet the needs of our customers. This addition will enhance our ability to provide more efficient and timely service.
