June 2024

## Here's what has happened in the last month and what's to come!

Welcome to the brand new Erwin Electric, Inc. newsletter! We are thrilled to share the latest developments in our office and field across our three departments.

Firstly, we would like to express our heartfelt gratitude and sincere appreciation to all our Erwin Electric, Inc. team members. Your hard work and dedication have made it possible for our company to be named one of Tampa Bay's **FAST50** by the **Tampa Bay Business Journal**. This achievement wouldn't have been possible without you! Once the TBBJ article is released please make sure to check it out.

In these monthly newsletters, we will showcase recent events, company parties, fundraisers, project highlights, employee spotlights, upcoming projects, and changes to our office and warehouse. Stay tuned!

*Robin & Doug Erwin*

In this newsletter you can expect:

Project Spotlight

---

Employee Spotlight

---

Changes to our Office & Warehouse

---

## Company Updates

April and May were the months for our quarterly meetings. Teams from all three departments—Commercial, Residential, and Service—gathered to discuss their successes, goals, and challenges. We also raffled off swag to lucky recipients.

Expect exciting new changes at Erwin Electric! Over the next couple of months, we will be testing new hats, t-shirts, water bottles, and more. Make sure to stop by the swag case the next time you visit the office to see what Erwin Electric has come up with.

Erwin Electric teams participated in the 98Rock Bowling for Balls event to support the FL Cancer Specialists Foundation and the 3rd Annual Operation Patriot Support Golf Tournament, which aids Tampa Bay Gold Star Families, Veterans, Law Enforcement, and their families.

If you have any sponsorships or events you would like Erwin Electric, Inc. to sponsor, please contact Ryan Erwin at [ryan@erwinelectric.com](mailto:ryan@erwinelectric.com) with the event details.

## Our Next Company Event

We are excited to announce that on **August 16th at 6:50 PM**, Erwin Electric, Inc. will be hosting all team members to cheer on the **Tampa Bay Rays at Tropicana Field in St. Petersburg** as they take on the Arizona D-Backs.

Once the RSVP invitations go out, be sure to secure your spot ASAP!

## Project Spotlight

The **Dayspring Angeline Elementary School and Athletic Facility** is a ground up, new construction Elementary School, Athletic Facility, Track, and Football Field in Land O' Lakes, Pasco County. This job was estimated by **Brian Eilers and Eric Archer** and is being **Project Managed by Jeff Campbell, lead by Don Norris and Jacek Kupis**. Working alongside an amazing general contractor, Creative Contactors, Inc.

With an accelerated schedule, this 2-story **55,860sqft Elementary School** and **30,843sqft Athletic Facility** is currently on track to open its doors to new students this fall!

## Employee Spotlight

This month's employee spotlight is on Brad Browsers. Brad is a Residential Estimator and Project Manager and has been with Erwin Electric for nine years.

Before joining Erwin Electric, Brad worked at a restaurant and got married. Realizing he needed a career that offered steady hours, he applied to Erwin Electric. Starting in Residential Service as a "green" helper, moving up the ladder to a service manager position then to Residential Estimator and Project Manager.

Brad enjoys managing his projects and interacting with various customers and builders, ensuring they receive exceptional service. His most memorable project and proudest achievement at Erwin Electric has been securing and working on the Residential departments newest project.

Brad stays motivated by tackling challenges head-on and always maintains a positive attitude. In his free time, he enjoys playing golf and spending time with his wife and child.

We are proud to have Brad as part of our Erwin Electric family and appreciate his dedication and hard work!

## Changes to Our Office and Warehouse

We are thrilled to announce some exciting new additions to our home office, including a brand-new front parking lot. As many of you know, parking at the office has often been a challenge. Now, with the addition of a new West parking lot, those parking struggles are a thing of the past.

This new parking lot, completed in May, provides ample space for our team and visitors, making it much easier and more convenient to park. The feedback has been overwhelmingly positive, and we are delighted to see how this improvement has been welcomed by all.

Thank you to everyone involved in making this project a success, and we look forward to enjoying the benefits of this new addition for years to come.

Additionally, we have begun work on a large renovation project in our warehouse, adding a new mezzanine to make way for our incoming Pre-Fabrication department. This exciting new endeavor has only just begun and will take a couple of months to complete. It will bring interesting new challenges and provide innovative solutions for our Erwin Electric, Inc. team.

Thank you to everyone involved in making these improvements possible, and we look forward to enjoying the benefits of these new additions for years to come.
